PROJECTS

No Bounds — A competitive multiplayer geography game

SwiftUI, Firebase Database, Maps SDK, Cocoapods, [GitHub](#)

- This app challenges user's geography skills and connects to a global leaderboard
- Solo developer and designer for this application

My Push-ups — A push-up tracking app

Swift, Core Data, AVFoundation, Graphs, Cocoapods, [GitHub](#)

- This app uses the camera to count push-ups, and displays the user's exercise statistics
- Solo developer and designer for this application

mNeme — A flashcard app (iOS/Web)

Swift, Firebase Login, UI Animation, Google Analytics, Cocoapods, [GitHub](#)

- This app enables the user to create/study flashcards from phone or web
- Collaborated with 9 cross-functional developers over 8 weeks
- Developed frontend for mNeme iOS app version 1.0
